Jan, Arthur, J.P., Nakatani, Vivek, Isaac,
Christine, Amanda, Audrey, Dimitri, Eliza, Sini

K.C.

Artist: Kevin Chan

Origin of inspirations: My design is inspired through my livelihood and the style is evolved from the fusion of graffiti and tattoo. It is a mixture of contemporary funk and old traditions. The art of art is a lifetime exploration to find our own answers. Taste every bite of life even if it is bitter. I am the voyeur of life's mystery!

NAKATANI

Artist: Akihisa Nakatani

Origin of inspirations: Extreme sports, music and graffiti are where my inspiration comes from. I like to create arts combining digital and analog elements on communication gadgets.

ELIZA

Artist: Eliza Fong

Origin of inspirations: Chinese Classic art is my source of inspiration for this piece of artistic retro handset. The blending of ageless nature with modern design is its feature. There are dragons flying over the clouds, carps swimming through the lotus and their beautiful eyes, expressing the strong initiative to explore, learn and cherish.

“Fabulous Phone Fashion”

Pulse

“I NEED THIS !!”

Michael, Sydney, Australia

“It’s just so fun, practical & people LOVE it!!!”

Kathy, Texas, USA

“This is actually a very cool concept...if you love your cell-phone, you can’t ignore the debate about possible radiation exposure but you can stop worrying if you are going to use something like this because it’s a cool gadget. You hook it to your phone, and the key again is to keep the cell phone as far away as possible...if you are on a cell phone all day long...mind as well decrease it, it doesn’t hurt...”
